**NAUTOR's**  
**SWAN 44**  
Design: Sparkman & Stephens

**Swan 44**  
-an ocean racing winner for the man with serious competitive international racing in mind.

Alternatively "Short Rig" / E=15,0' I=55,00' P=48,50'

The SWAN 44 sleek, smooth low-profile is one of the most successful big production boats available.

A winner of the Boat of the Show Award at the 1973 Earls Court Boat Show and the Italian Nastro d'oro Eleganza Mare in the same year, the SWAN 44 offers both good performance and

superly finished and fitted accomodation.

She is built with the care and craftsmanship that has become all too rare in modern boat-building. Several of the SWANs have been entered in the Admiral's Cup Race.

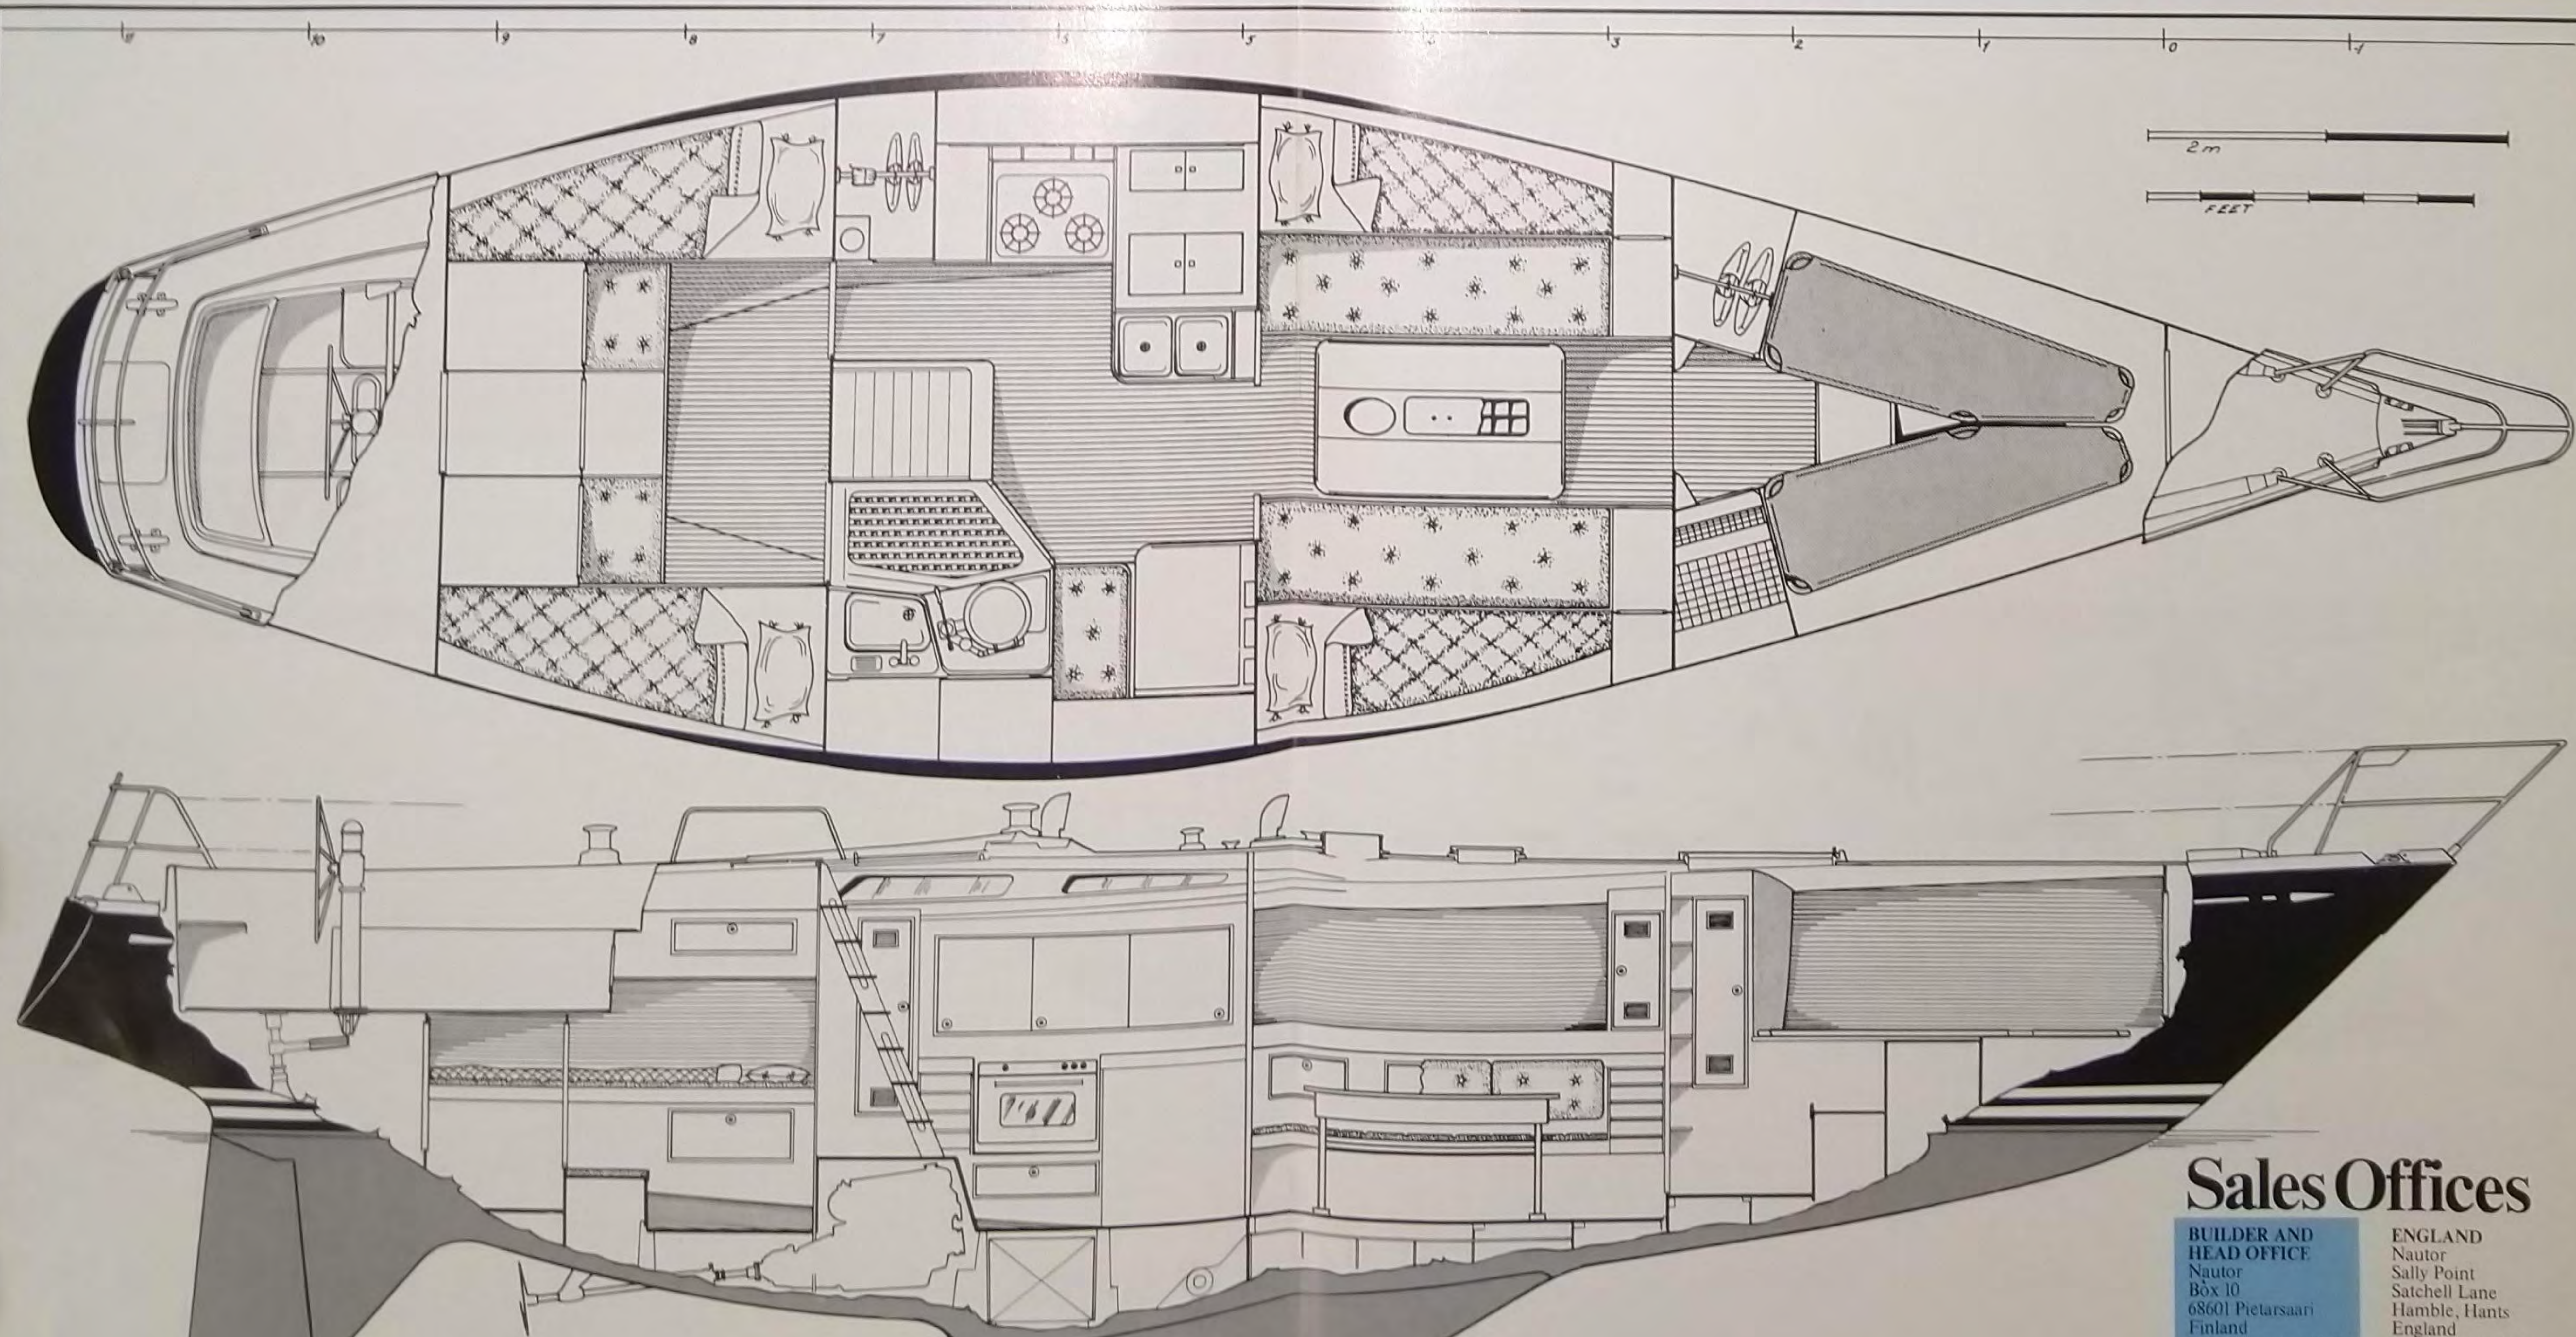

The ocean racing intentions are obvious from the boat's flush deck and the fact that there

is no companion way from the cockpit. Entry to the cabin is through hatch. All deck fittings are of high standard. The fore cabin is intended primarily for stowage although there are two comfortable berths fitted.

The main attraction is giving a good performance in combination with a first class

interior. She's very fast, a powerful racing yacht that offers tremendous value.

She is built in Finland and the beautiful matt finish given to the joinery is to NAUTOR's excellent world-wide reputation. So remember nothing beautiful is easy to come by - the SWAN 44.

### Specifications

Length overall:	44,0'	( 13,41 m)
Waterline:	35,22'	( 10,74 m)
Beam:	12,58'	( 3,83 m)
