

We have news for the man who is torn between the PJ43 and the PJ55.

The new Palmer Johnson 48.

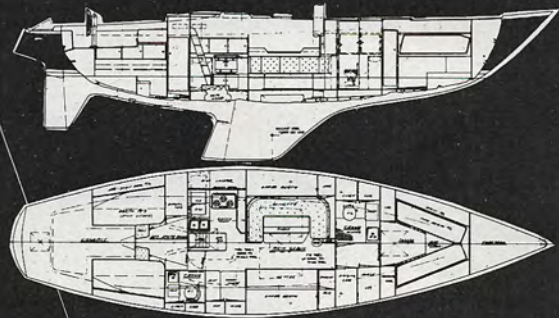

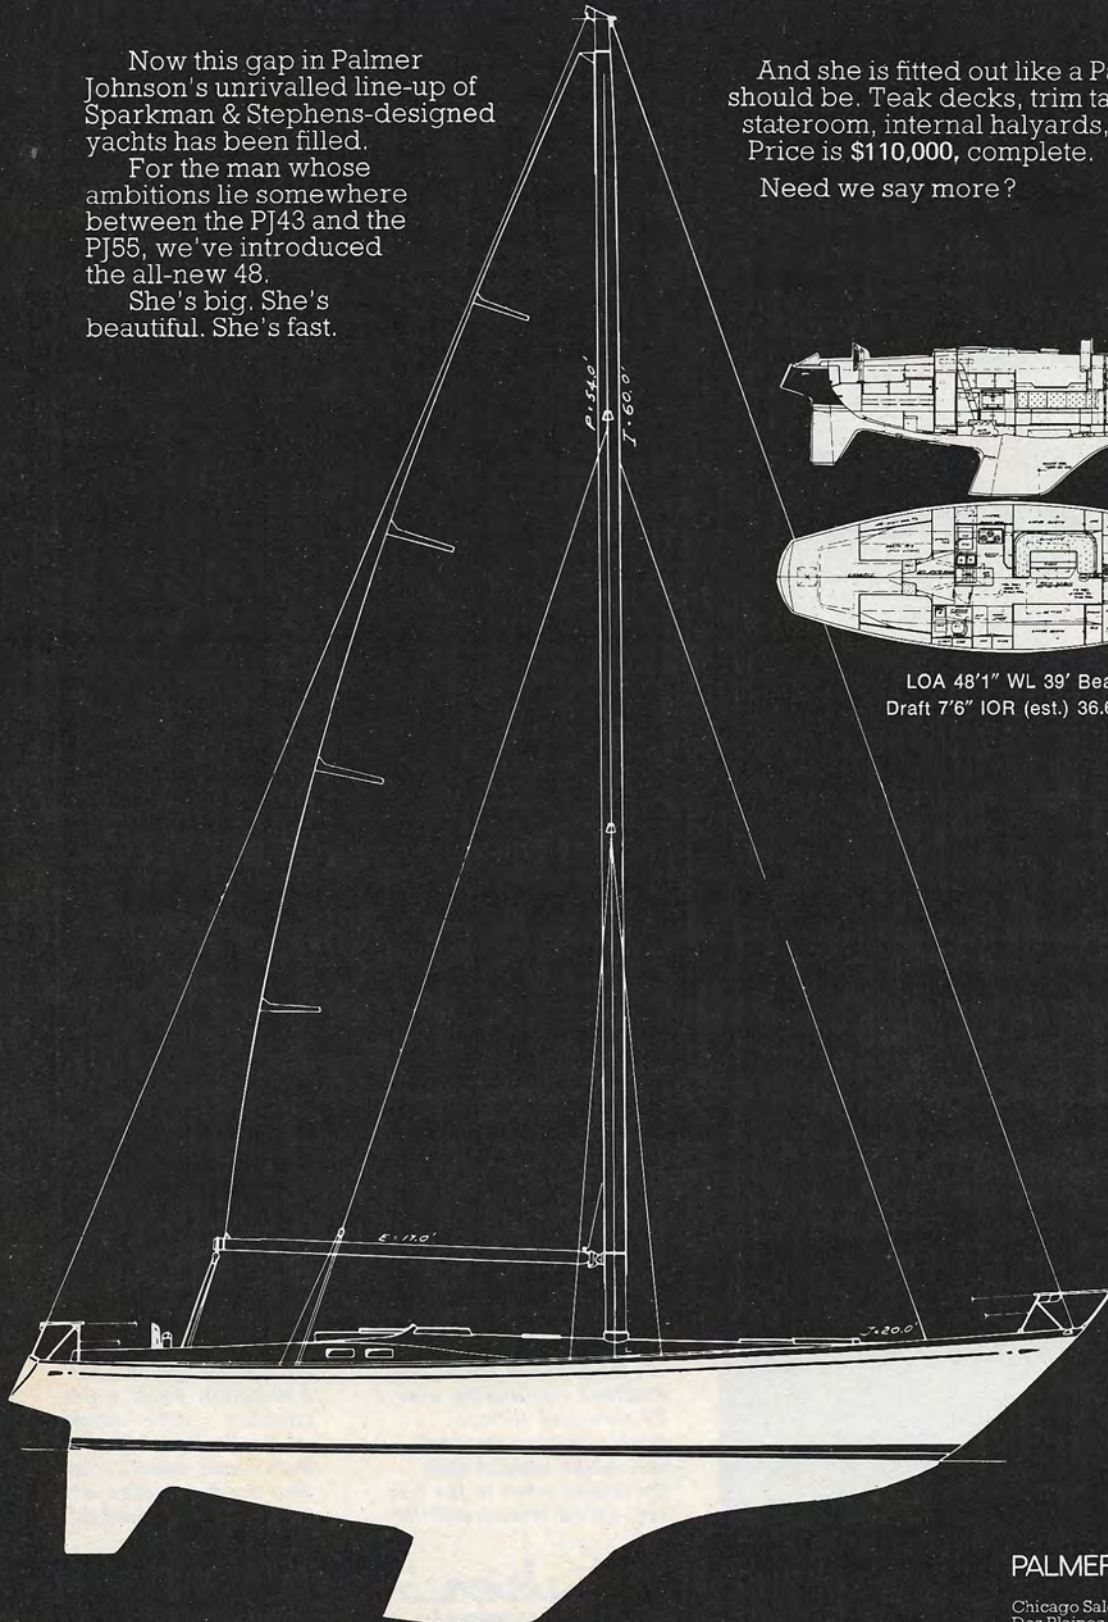

Now this gap in Palmer Johnson's unrivalled line-up of Sparkman & Stephens-designed yachts has been filled.

For the man whose ambitions lie somewhere between the PJ43 and the PJ55, we've introduced the all-new 48.

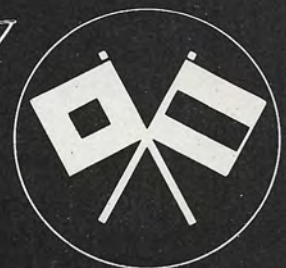

She's big. She's beautiful. She's fast.

And she is fitted out like a Palmer Johnson yacht should be. Teak decks, trim tab, diesel power, aft stateroom, internal halyards, etc. are standard. Price is \$110,000, complete.

Need we say more?
