Wonder Women at the 10° S&S Swan Rendez-vous

nearly 25 % of the S&S Swan at the Rendez-vous are owned and/or will be helmed by women, is that a world record? We don't know, but for sure there are very few boats so much loved (and perfectly helmed) by women as Sparkman&Stephens Swan are!

Olin and Rod Stephens, 1957 article

In 1957 S&S Inc was at the peak of its success, with more than 1,000 boats already designed, about 120 employees working at the 12° floor on 79 Madison

Av. in New York City and a gross income of around \$1,000,000.

Rod and Olin Stephens (*who designed our S&S Swan about ten years later*), were two real celebrities (*and they will be forever*), and the lifestyle American magazine Newyorker dedicated two issues to them (and to Roderick Sr. who narrated with his own words the famous 1931 Transatlantic race they won onboard Dorade), here you are, full text below:
