

NEWS FROM THE COCKPIT

Special and Desirable Characteristics of S&S Swan

(Part II)

Dear S&S Swan Association Members and Friends,

with our Newsletter no. 365, sent on March 5th, 2022, we published **Part I** of an amazing document entitled “**Special and Desirable Characteristic of S&S Swan**” written by our extraordinary duo **Alan Gilbert** and **Juan E. Corradi***, and promised **Part II: Seaworthiness (Survivability)** would have followed shortly.

Here you are (PS: our indomitable Team is already working on **Part III!**).

Please click on link provided to download **Part II** (*if, for any reason, you missed Part I, please let us know and we will send you the document*)

**Alan Gilbert is a graduate naval architect, ocean, and marine engineer. He has devoted his career to the design/ engineering of both power and sailing yachts, in all sizes, and in various materials. His familiarity with S&S Swans results from his 27-year tenure at S&S. He ultimately became Chief Engineer, and Executive Vice President. During this time the majority of S&S Swan models were designed.*

Juan Corradi is professor emeritus of sociology at New York University and an avid ocean sailor. His experience sailing with a classic Swan during 22 years was published in the book The Voyages of Pirate. 55,000 Ocean Miles on a Classic Swan (2019).
