

S&S SWAN ASSOCIATION

NEWS FROM THE COCKPIT

Special and Desirable Characteristics

of S&S Swan

Dear S&S Swan Association Members and Friends,

we are approached very often by people asking why **Sparkman&Stephens designed Swan** are so **special and unique** sailing boats, in particular when compared to all contemporary production boats, and why most S&S Swan Owners are so passionate and spend an incredible amount of time and money to maintain their 50 and plus years old boat in pristine condition.

We know why!

We would like you to know too, but this time from another point of view; so we asked one of the most **skilled S&S Swan sailor we know, Juan Corradi**, and **Yacht Designer Alan Gilbert**, who had been working *shoulder to shoulder* with Rod and Olin Stephens at the S&S office in NYC for 27 years, and who contributed to many of the designs of our beloved S&S Swan.

This **Fabulous Team** produced a document which we are proud to share with you all, attached here (*click on the "download" link, bottom of this message*), the **ultimate doc on Sparkman&Stephens designed Swan:**

The Special and Desirable Characteristics of Classic Swans as Offshore Yachts Part I

(Part II will be published very soon)
